

CANCER & CAREGIVER SUPPORT GROUP DINNER WITH CORNERSTONE CHURCH

We were never meant to walk the path of suffering alone. If you or a loved one is battling or has battled cancer, then you know the experience is unique for everyone — patients, friends, family members, and caregivers. This group is designed to provide a safe place for all who are affected by cancer, a place where they can speak honestly about the challenges, find encouragement in the waiting, and be reassured that ultimately there is hope in the journey.
